

Justin T. Barnes, FHIMSS

Justin is a healthcare innovation executive, corporate advisor and industry strategist. In addition, he's co-founder of the Health Innovation Think Tank where he assists with industry strategy, collaboration and leadership. Mr. Barnes is also the host of healthcare's most popular weekly syndicated radio show "[This Just In](#)" that airs on Healthcare Radio and Business Radio X. In addition, Justin is the voice of [HIMSS Radio](#).

Justin has over twenty years of experience in accelerating companies, associations and industries. He brings essential growth and leadership expertise from hi-tech and Silicon Valley start-up's to industry-leading Fortune 5 and Global 300 corporations. In one of Justin's most recent ventures, he assisted with annual revenue growth from \$1M to \$150M. During this time, Justin and his team also built a nationally respected power-brand in healthcare and helped navigate the company through a successful NYSE IPO that subsequently sold twenty months later as the centerpiece of a \$1.2B health IT and services roll-up.

Justin has formally addressed and/or testified before Congress as well as the last three Presidential Administrations on more than twenty occasions with statements relating to alternative payment & care delivery models, value-based care, connected health, virtual care, precision medicine, population health, consumerism, revenue cycle management, interoperability, innovation and the globalization of healthcare. Barnes is a regular public speaker on these issues and has appeared in more than 2,000 journals, magazines and broadcast media outlets.

Barnes majored in Legal Studies and holds a BA & BS from the University of Massachusetts at Amherst. He holds a Certificate of Diagnostics from Emory's School of Medicine and is also a HIMSS Fellow. Justin proudly served Rotary International as a Board Member and Chairman of Public Relations for the Amherst Rotary Club. He's also a veteran, having served in the United States Army within Infantry (11B) & Communication (31M) Units.
